

## Certificate of Compliance

### SVHC Declaration

#### **Description: 'FLUOR-A-COM'<sup>®</sup> Fluoroelastomer Sheet Products**

J-FLEX works very closely with raw material suppliers to ensure that all FKM products comply with the requirements of REACH.

As far as we are currently aware none of the 181 substances on the current SVHC candidate list (15 January 2018) are present in the FKM products we produce. If, at any point in the future we receive information from our suppliers that there is a potential risk of an SVHC being present, we will inform all customers affected and work closely with them to resolve any issues this could raise.

Tests carried out by SGS-CSTC Ltd.
